Follow the Moon Home 5-Step Guiding Worksheets

Design your own environmental stewardship project just like Viv and her classmates!

Name: _____

Date: _____

1. Identify

Find a problem to solve (use your eyes, ask questions)

What problems do you notice in your community?

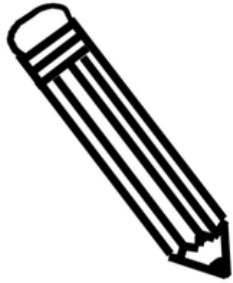

What is the source of the problem?

What can you do to solve the problem?

Write down 3-5 resources (books or websites) that you found to learn more about the problem.

Name: _____

Date: _____

2. Plan

Gather information and figure out what to do

What is the timeline for your project?

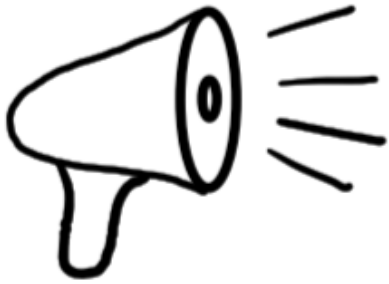

Who will help you?

What materials do you need?

What is your goal?

Name: _____

Date: _____

3. Take Action

Put your ideas into action

Write down your project milestones, dates, and hours spent.

What went according to plan?

What didn't go according to plan?

How do you know your project succeeded?

Name: _____

Date: _____

4. Tell the Story

Show how you - and we - can make a difference!

To whom will you present your results?

What are some online platforms you can use to share your results?

How can you share what you've learned with your classmates and teachers?

What are some community partners or outlets that can help you spread the word?

Name: _____

Date: _____

5. Reflect

Think about what you did and what you might do next

What went well?

What didn't go well?

If you could do this project again,
what would you do differently?

What were some lessons you learned that
you can apply to your next project?
